WHAT WE DO

Four Ways We *Build Your Infrastructure*

From fractional COO leadership to AI automation — we bring Fortune 4 healthcare operations expertise to health-tech companies that just raised and need to scale without the chaos.

01

AI Automation & Concierge

Custom AI systems that handle your leads, qualify clients, and book appointments 24/7 — even when your team is off the clock. Built specifically for your business, not a generic template.

- AI concierge for lead capture & qualification
- Automated client intake & booking
- Contraindication flagging for medical businesses
- Provider dashboard with AI consultation notes
- After-hours response automation

From $497 one-time setup

02

Fractional COO & Operations Leadership

Senior operations leadership for health-tech startups post-funding. We step in during critical growth phases — audit your current state, build your infrastructure, and give you the systems to scale without everything running through the founder.

- Operational diagnostic & gap analysis
- Team structure & cross-training design
- SOP library development & management
- Go-live planning & change management
- Weekly ops leadership (10–20 hrs/week)

From $7,500 per month

03

⭐

Reputation & Review Management

93% of clients read reviews before booking. We automate the process of getting more 5-star reviews, monitor every platform daily, and respond to negative reviews before they cost you clients.

- Automated review request campaigns (SMS/email)
- Google, Yelp, Facebook, Healthgrades monitoring
- Negative review response drafting (24hrs)
- Monthly reputation report & trend analysis
- Competitor benchmarking (Premium)

From $499 per month

04

📋

SOP & Compliance Infrastructure

The documentation that keeps your business audit-ready, scalable, and protected. We build SOPs, BRDs, and compliance frameworks that close enterprise contracts and survive regulatory scrutiny.

- SOP development & library management
- Business Requirements Documents (BRD)
- HIPAA, FDA, DEA compliance frameworks
- Audit preparation & documentation review
- Training materials & onboarding systems

From $750 per project

HOW IT WORKS

Simple Process. *Real Results.*

No lengthy onboarding. No intake forms. We move fast because your business can't afford to wait.

1

DISCOVERY CALL

A 30-minute conversation about your business, your biggest bottlenecks, and what you need to grow. No pitch. Just a real conversation.

2

TAILORED PROPOSAL

We send you a clear scope of work, timeline, and fixed price within 48 hours. No surprises, no scope creep.

3

WE BUILD

Work begins within one week of agreement. First deliverable in two weeks. You see progress immediately.

4

YOU SCALE

Systems are live, team is trained, and your business runs better. We stay on for ongoing support or hand off cleanly — your call.

WHO WE SERVE

Built for *Health-Tech* — and the Businesses That Support It

Our primary focus is health-tech startups post-funding. We also serve the broader healthcare ecosystem — medspas, practices, and growing businesses that need Fortune 4-level operations without the Fortune 4 overhead.

🚀

Health-Tech Startups (Seed–Series B)

Just raised and need operational infrastructure fast — SOPs, compliance frameworks, team structure, and AI systems that scale with you.

PRIMARY NICHE · FRACTIONAL COO

🏥

Digital Health & Clinical Platforms

Building a healthcare product and need someone who has lived inside the operations, compliance, and workflow challenges your clients face every day.

FRACTIONAL COO + COMPLIANCE

💉

MedSpas & Aesthetic Practices

Missing leads after hours, no review strategy, and a team that can't operate without the owner in the room.

AI CONCIERGE + REVIEW MGMT

Dental & Specialty Practices

Losing new patients to competitors with better ratings. Reviews aren't being managed. Intake is still manual.

REVIEW MANAGEMENT + AI

Specialty Pharmacies & PBMs

Complex regulatory environment, SLA management pressure, and operational scaling without documented processes.

SOP DEV + FRACTIONAL OPS

Growing Businesses Ready to Operate Smarter

Scaling fast but no systems, no documentation, and no senior ops experience on the team to build it properly.

AI TOOLKIT + OPERATIONS BUILD

THE PERSON BEHIND IT

Fortune 4 Expertise.
Boutique Attention.

Tarean Thompson brings 12+ years of operational leadership across three of the most demanding environments in healthcare — a Level 1 trauma hospital, a national pharmacy chain, and a Fortune 4 enterprise. Now that expertise is available to businesses of every size.

McKesson — Fortune 4 Healthcare
Operations Manager · 10%+ above targets · 3+ years consecutive

Alliance Walgreens — National Distribution
Operations Supervisor · 60-person team · Lean Systems Office

Parkland Health — Level 1 Trauma, Dallas
Pharmacy Tech Supervisor · 7 years · Policy & SOP implementation
